Forecast for Friday 15 Jan 2021

Weather: Low cloud overnight will slowly lift. A dry day with bright or sunny spells but the sun will be mainly obscured by high cloud in the afternoon. Heavy rain or sleet, with snow above 600m, will arrive from the west towards midnight.

Chance of cloud free mountain/hill tops above 600m: 10% overnight but soon becoming 90% in the morning with most cloud lifting above the summits.

Visibility: Extensive low cloud with bases 200-400m overnight, clearing early in the morning. Otherwise, a little summit cloud is possible but generally good visibility through the day.
